

TECHNICAL HEALTH AND DATA SHEET

AEROSOL

LINE MARKING PAINT

A high performance fast drying resin system line marking paint.
CONTAINS NO ADDED LEAD

APPLICATORS ALSO AVAILABLE

Colours: Black, White, Yellow, Red, Blue

Applications: Used for the line marking in Car Parks, Tennis Courts, Gymnasiums, Schools, Road Markings, Quick 'Site' Markings etc.
CAUTION: When applying over other floor coatings, check a small area first for compatibility.

Surfaces: Concrete, Tarmacadam, Wood and Composites.

Coverage: A 750 ml container should cover approximately 250 to 300 feet (2" wide line) depending on the porosity of the surface.

Preparation: (Best when used with an applicator).
Ensure the surface is clean dry.
Shake can vigorously for a least 1 - 2 minutes.
Fit nozzle to upright can, invert and fit to applicator.

Application: Pull trigger of applicator to start marking. Speed of movement controls the "density" of the line.

Special Note: After use remove nozzle and store cans on their side to prevent "blocking".
