

Siliconised Teak Oil

A blend of natural oils and silicone derivatives to enhance, preserve and restore the appearance of teak. This product has a good degree of resistance to water and can be used inside or outside.

Danish Oil

Offered as an alternative to Teak Oil, this gives a hard, durable and water resistant seal to woods. Suitable for interior and exterior use.

- For use on mahogany, teak and most other timbers
- Can be used for kitchen worktops, wooden panels, garden furniture and doors etc

PAINTS, PRIMERS AND SPECIALISED COATINGS

Yacht and Seaplane Varnish

A tough, top quality varnish with a high gloss finish. Originally designed for use in the testing marine environment, this is a high grade varnish.

Suitable for interior and exterior use. Provides complete and long lasting protection under difficult weather conditions.

As an added benefit Coo-Var Yacht and Seaplane Varnish is resistant to the harmful effects of Ultra Violet light which can cause varnish films to break up and crack.

Ideal for use on boats, doors, gates, window frames, garden furniture and many other items, especially in a marine or exposed environment.

**The
SIMPLE EFFECTIVE
Solution**

Acrylic Varnish

This fast drying, water-borne varnish is suitable for a wide range of wood surfaces. Also ideal for coating existing paints to protect them (emulsion etc) - if in doubt about compatibility test a small area first.

- Suitable for interior and exterior use
- Water based
- Fast drying
- Available in Gloss and Eggshell finishes

**WATER
BASED**

Coo-Var have over 100 years experience manufacturing specialist paints for most situations. This includes a wide range of Varnishes for most applications including floors, furniture, doors, cladding and even boats. We have both water based and oil based varieties, and with varnishes suitable for interior and exterior use, you can be confident there is one for your job. These high quality products will help protect your wood and enhance both aesthetics and performance whether for a floor, furniture or fence etc.

Polyurethane Varnish

Formulated as a 'single pack' product, once dry Coo-Var Polyurethane Varnish provides a clear finish for interior wood surfaces where a hard durable coating is required.

Available in a choice of three finishes:- Gloss, Eggshell and Matt. The gloss finish version gives a superb mirror like finish.

Particularly suitable for use on work tops, hardwood floors, furniture, doors, etc.

- Has an exceptional resistance to alcohol, dilute acid, abrasion and heat
- Suitable for interior use

This brochure takes you through Coo-Var's Varnishes and Oils for wood, where they are best to be used, how to use the products and their technical information (back page).

At any point in your decision or even after the coating is applied, you can call Coo-Var Technical Services to get advice and to answer any questions you may have – 01482 328053.

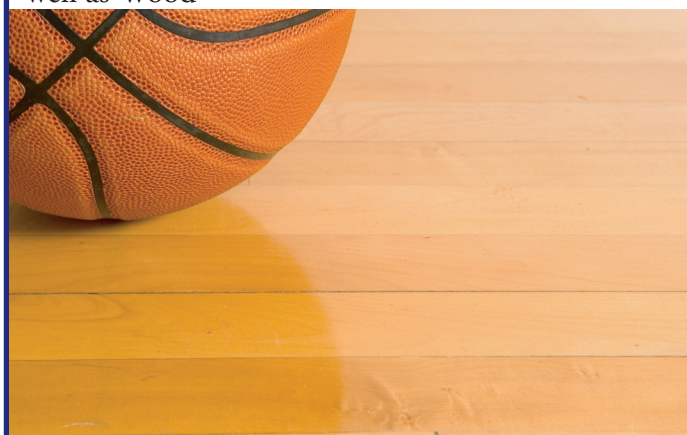

DID YOU KNOW.....
The name Coo-Var originates from the words "Cook Varnish" - the name of the original product produced.

P101 2 Pack Polyurethane Varnish

A stable 2 pack coating which will not fade or yellow when exposed to Ultra Violet light.

Suitable for interior and exterior use and is particularly ideal in areas of high use such as dance studios, gyms and hallways etc. Also suitable for bar tops.

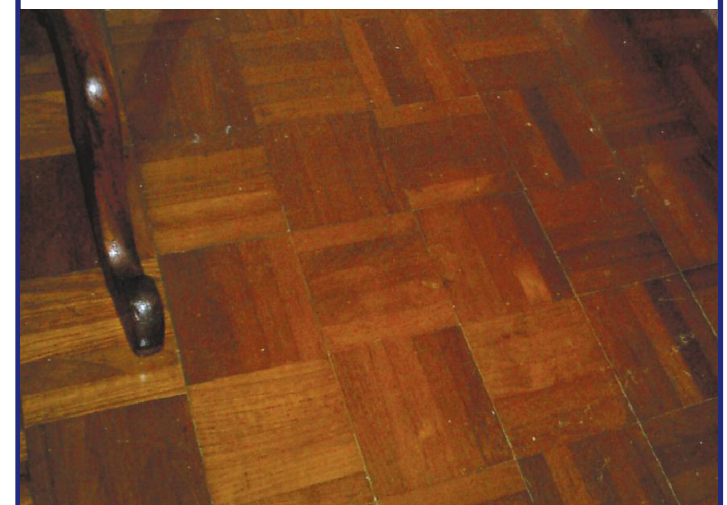

- A high durability Varnish
- Dries to a gloss finish
- Does not support fungus growth and is easily cleaned
- For use on Plaster, Concrete and Brickwork as well as Wood

Ideal for wooden floors

Polyurethane Floor Coating

A single pack, hard glaze that protects most wooden floors and provides an easy to clean surface. Solvent based. For interior use.

Economical

Clear Glaze for Wooden Floors

Used on wooden floors to provide a quick drying and protective clear coat. Being water based, it is ideal for interior use where no solvent smell is important.

**LOW ODOUR
& QUICK
DRYING**

NOTE: Always read the instructions as well as health & safety information before applying any coating.
